Choir Cassocks and Surplices

Our range of choir cassocks come in standard sizes. We also offer bespoke sizing but these are obviously charged at a different rate.

Our junior cassocks range from 26" - 34" chest, and our adult sizes from 34" - 52" chest. Standard lengths are from 38" upwards increasing in 2" intervals.

Cassocks over 52" long and / or over 34" chest are considered to be adult sized and therefore attract VAT.

We have put together a set of 'average' sizes based on previous orders, these are intended purely as a guide.

Age	7 – 8 Years	9 – 10 Years	11 -12 Years	13 – 14 Years	15 – 16 Years
Length	38"	42"	46"	50"	52"
Chest	26"	28"	30"	32"	34"

The length measurement is taken from the nape of the neck down as shown on the diagram A – B

The chest is shown C

The other measurements shown on the diagram are helpful, but not necessary for standard sized garments.

Surplices

Surplice lengths are measured from 'J' down to the length you require.

PLEASE NOTE We suggest that you supply your actual measurements, and that if you require a loose fitting garment you mention it with your order. We will make the necessary adjustments for you.

We will pack each garment individually and label it with a name if provided with the measurements.
